### Who It Is For

---

-  Apartment dwellers without vent access
-  Energy-conscious households
-  Users wanting 16 drying cycle options
-  Those needing 22 lb capacity for mixed loads

### Who It Is Not For

---

-  Homeowners with existing vent systems
-  Users requiring over 22 lbs capacity
-  Those needing faster drying times
-  Individuals without professional installation access

## Trade Offs to Consider

---

- Drying times may be longer than vented models
- Requires professional hardwiring installation
- Water tank needs regular emptying
- Limited to 4.4 cu. ft. capacity

## How It Compares

---

- Saves 28% energy vs. standard dryers
- No vent installation required
- Includes 16 cycle presets
- Requires professional hardwiring

## Choose This If...

---

- ✓ Need ventless laundry drying solution
- ✓ Prioritize energy efficiency savings
- ✓ Want 16 cycle drying options
- ✓ Have professional installation access

## Skip This If...

---

- × Require vented dryer system
- × Need capacity over 22 lbs
- × Want faster drying times
- × Lack professional installation
