## Who It Is For

---

-  Small households with limited space
-  Students in dorms or RVs
-  People avoiding public laundromats
-  Those needing compact storage
-  Users wanting easy mobility
-  Families with minimal laundry

## Who It Is Not For

---

-  Large families with heavy laundry
-  Users needing permanent installation
-  Those without access to water
-  People requiring high-speed drying
-  Individuals with space constraints
-  Users needing advanced controls

## Trade Offs to Consider

---

-  Limited capacity for heavy loads
-  No built-in drying function
-  Requires water and electricity
-  Not suitable for large households
-  Higher energy use than some models
-  Limited customization options

## Users Say

---

### ● POSITIVES

- ✓ Easy to store and move around
- ✓ Clear LED display for monitoring
- ✓ Durable stainless steel tub
- ✓ Quiet operation for apartment use
- ✓ Multiple wash programs to choose from

---

### ● COMPLAINTS

- ⚠ Not suitable for large laundry
- ⚠ Limited customization options
- ⚠ Water and electricity required
- ⚠ Not ideal for heavy-duty use
- ⚠ No built-in drying function

## How It Compares

---

- Smaller than standard washers
- More energy efficient than similar models
- Less powerful than full-sized machines
- More portable than freestanding units
- Fewer wash programs than high-end models
- Requires water and electricity

## Choose This If...

---

- ✓ Need a compact washer for small loads
- ✓ Want to avoid public laundromats
- ✓ Need easy mobility and storage
- ✓ Looking for quiet operation
- ✓ Desire multiple wash programs
- ✓ Want energy-efficient performance

## Skip This If...

---

- × Have large laundry needs
- × Need built-in drying function
- × Require permanent installation
- × Need advanced customization
- × Require high-speed drying
- × Need high-capacity washing
