**COMPATIBILITY**

**Requires magnetic metal washing machine panels**

**FUNCTION**

**Keeps door open to prevent mold and odors**

## Who It Is For

---

-  Users with magnetic front load washers
-  Those needing odor prevention in laundry rooms
-  People requiring easy access to washing machine compartments
-  Individuals avoiding manual door closure
-  Users with limited mobility
-  Laundry room organizers seeking permanent solutions

## Who It Is Not For

---

-  Non-magnetic washing machine panels
-  Stainless steel washing machines
-  Plastic washing machines
-  Users without magnetic metal surfaces
-  Those needing mechanical door latches
-  Laundry rooms with high humidity

## Trade Offs to Consider

---

-  Limited to magnetic surface compatibility
-  Potential magnetic interference with electronics
-  Not suitable for stainless steel appliances
-  Requires careful installation to avoid scratches
-  Cannot be used on plastic or non-metal surfaces
-  May not work with older washer models

## Users Say

---

### ● POSITIVES

- ✓ Effectively prevents mold buildup in door gasket
- ✓ Easy to install and adjust for different angles
- ✓ Durable silicone coating resists wear
- ✓ Provides consistent door support without slipping
- ✓ Improves ventilation in enclosed laundry spaces

---

### ● COMPLAINTS

- ⚠ Does not work on non-magnetic washing machines
- ⚠ Magnetic base may interfere with nearby electronics
- ⚠ Limited adjustability for unique washer designs
- ⚠ Requires careful placement to avoid scratches
- ⚠ Not suitable for high-traffic laundry areas

## How It Compares

---

- Magnetic vs mechanical door latches
- Temporary vs permanent door support solutions
- Odor prevention vs standard door closure
- Adjustable vs fixed-position holders
- Magnetic compatibility vs universal fit
- Silicone vs rubber material durability

## Choose This If...

---

- ✓ You have a magnetic front load washing machine
- ✓ Need to prevent mold and odors in your washer
- ✓ Want easy access to the door compartment
- ✓ Looking for a permanent odor prevention solution
- ✓ Need a non-permanent door support system

## Skip This If...

---

- ✗ Your washer has non-magnetic panels
- ✗ You use stainless steel or plastic washers
- ✗ Need mechanical door latching solutions
- ✗ Have a non-magnetic laundry room setup
- ✗ Require universal compatibility across washer types
