

ROVSUN 3.5CF-dryer-white Front Load Laundry Dryer

QUICK BUYER GUIDE

Suitable for small spaces like apartments, dorms, and RVs

At a Glance Specs

CAPACITY

Dries up to 13.2 lbs of clothing

POWER

1300W electric motor for efficient drying

TOUCH SCREEN

LCD touch screen for mode selection

DIMENSIONS

20 x 23.5 x 27.5 in footprint

MATERIAL

Stainless steel tub for durability

WEIGHT

59 lb weight for portability

VOLTAGE

110V electric operation

INSTALLATION

No permanent mounting required

Who It Is For

-  Apartment dwellers needing compact drying
-  Students in dorms with limited space
-  RV owners requiring portable drying
-  Small home users with space constraints

Who It Is Not For

-  Large families needing multiple dryers
-  Those preferring permanent installation
-  Users requiring high heat settings
-  Those needing smart app integration

Trade Offs to Consider

- Limited drying capacity for heavy loads
- No app-based controls
- Higher weight for portability
- Basic touch screen without advanced features

How It Compares

- Smaller than standard dryers
- Less powerful than commercial models
- No smart home integration
- More compact than wall-mounted units

Choose This If...

- ✓ Needs portable drying in small spaces
- ✓ Wants stainless steel durability
- ✓ Looks for touch screen controls
- ✓ Requires 110V electric operation

Skip This If...

- × Needs high-capacity drying
- × Prefers permanent installation
- × Requires smart app features
- × Needs advanced heat settings
